BRAKE DISCS

- **Premium water-based Geomet like coating** material to ensure high corrosion protection and environmentally friendly
- Discs for premium applications are fully equipped with **high carbon** which reduces noise for **comfortable driving, excellent thermal performance & better durability**
- **Bi-metallic, high-carbon alloy solution** with enhanced **anti-corrosion Magni™ coating** providing **15%+ weight reduction** compared to a fully cast-iron disc - **optimizing fuel consumption, and reducing noise and vibration**
- **Reduced environmental impact:**
33 tons of plastic and cardboard usage reduced through smart packaging adjustments
- **Salt spray resistance test** min 120 hrs as proved by independent testing for longer rust protection
- **ECE R90 certified** for new vehicles launched after 1st November 2016, plus many popular older applications
- **Complete fitting** solution accessories including where relevant

LEADING COVERAGE

**98%+
COVERAGE**

**ACROSS
EUROPE**

**340+ MILLION
VEHICLES COVERED**

PROVIDING THE BEST IAM COVERAGE!
