Delphi Technologies is a brand of BorgWarner Inc.  
Masters of Motion currently available only in EMEA.

# LET'S TAKE A CLOSER LOOK...

**CAST IRON HIGH CARBON FRICTION RING**  
for even better performance with **reduced noise and vibration**

**ALLOY ALUMINIUM HAT**  
more than **15% lighter** than a standard disc

Lower emissions

Better fuel economy

Lower braking temperature

**STAINLESS STEEL RIVETS**  
Ensuring **robust link** between top hat and friction ring and **reduces heat distortion**

  
High-performance premium sprayed metallic film

  
**Rigorous testing:**  
Over 235 hours of rust protection

**MAGNI™ COATING**  
Providing **enhanced corrosion protection!**

With a **15%+ weight reduction** and **enhanced anti-corrosion Magni™ coating**, our bimetallic discs enable **improved performance, lower fuel consumption, and reduced CO2 emissions** - offering your customers a **lighter, quieter and more efficient braking solution** that's made to last.
