

Traction Power Inverter Module, PN PEV10004-11B1

Before accepting core from your customers and returning it to Delphi Technologies, carefully examine the condition of core and reject if unacceptable.

Core exhibiting any of the issues described below should be scrapped as it will not be accepted for core surcharge credit by Delphi Technologies.

CORE RETURN CRITERIA

- Cores must be the same model as the unit purchased; “Like for Like”
- Cores must be completely drained of all liquids.
- Cores must be fully assembled and have no missing parts
- The case cannot be damaged or show any signs of fluid intrusion, fire damage, etc.

CORE LOGISTICS

Please include form DTFV100A when sending core to Delphi Technologies.
The form is available from your Delphi Technologies customer services contact.

Core return period is 12 months after purchase.

All cores should be sent to:

Delphi Technologies
c/o of AEL SPAN
6032 Gateway Drive
Plainfield, Indiana
46168

Upon acceptance of the core unit, Delphi Technologies will process credits on a monthly basis.

Delphi Technologies will supply core reports on a monthly basis outlining the customer account status.

All rejected core will be stored for 6 months. If the customer does not wish to arrange collection within this period, it will be scrapped.
